

Everything at a glance: billing documents available at any time

From now on, you can access your billing documents, cost invoices, and SEPA files directly on the platform: anytime, clearly structured, and transparent. This makes it easy to keep track of your income and expenses.

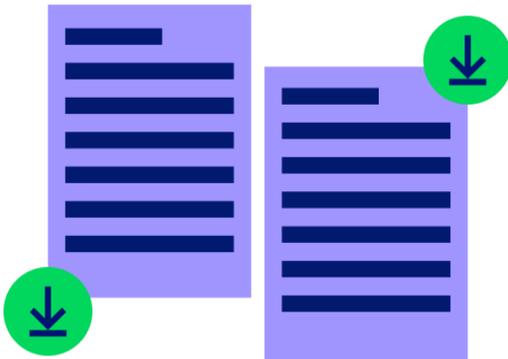

Available immediately, immediately in your account

Starting Monday, October 27, receipts for your generated income from *Direct Payment – own company* will be available for retrieval.

Automatically available in the future, always up to date
Further income and expenses will be automatically entered in *Finances* and always kept up to date with the corresponding receipts.

Changes

1. Download Documents

In *Finances > My Income / My Expenses*, you can download all receipts, including invoices, expense reports and SEPA files.

2. Transparent Billing

Variable and fixed costs for the platform & transactions are billed separately. **Invoices** are now separate from **income**, so remember to pay them on time!

Do you work with location partners (sub-operators)?

Please configure the conditions for location partners (available under *Operators* from Q4/25). Do you need assistance? Please contact us at least 3 weeks before your first billing date.
